FISCAL REVIEW

Mr. Jim White
Executive Director
Fiscal Review Committee
G-19 War Memorial Building
Nashville, TN 37243-0057

Dear Mr. White:

Each year the Health Science Center enters into contracts with various affiliated medical practice groups to provide supervision of residents training. All contracts are funded by the hospitals where the residents will be assigned.

The following four sole-source contracts are submitted for review by the Fiscal Review Committee in accordance with Public Chapter 413, Public Acts of 2003.

Contract with UT Medical Group

The Accreditation Council for Graduate Medical Education requires around-the-clock faculty presence in hospitals when residents are providing obstetrics and gynecology services. In accordance with the university's affiliation agreement with the UT Medical Group (UTMG), UTMG is the sole provider under which OB/GYN patient care activities of the university's full-time faculty members shall be conducted. Patient care activities are defined as medical, medical administrative, educational and related professional services to hospitals.

This contract is for supervision of OB/GYN residents at the Baptist Women's Hospital. The FY 2006 maximum liability for the contract is \$350,000. This contract is a renewal of the agreements previously approved by the Fiscal Review on December 18, 2003 and June 17, 2004.

Contract with Campbell Clinic

In May 2003, Campbell Clinic and the University of Tennessee entered into an affiliation agreement to develop a joint UT/Campbell Clinic Department of Orthopedic Surgery in the Health Science Center's College of Medicine. This agreement states that Campbell Clinic will be responsible for all orthopedic surgery education, residency training, research, and patient care programs of the College of Medicine.

The affiliation contract stipulates that residency supervisory functions be carried out by the Campbell Clinic faculty and will be compensated through contracts between the affiliated hospitals and the University of Tennessee. This contract compensates Campbell Clinic for the faculty supervision of orthopedic residents for the period July 1, 2005 through June 30, 2006 in the amount of \$783,500. This contract is a renewal of the agreements previously approved by the Fiscal Review Committee on October 9, 2003 and June 17, 2004.

Contract with Semmes-Murphey Neurologic and Spine Institute

The university has a relationship with Semmes-Murphey Neurologic and Spine Institute that is over forty years old. Semmes-Murphey provides the most highly experienced and academically trained neurologists and neurosurgeons in the region. They are the only physician group in the region with the credentials required to provide the needed services.

Signed in January 1987, the affiliation agreement between the university and Semmes-Murphey establishes the relationship by which the university obtains faculty supervision of neurology and neurosurgery residents caring for patients at the Regional Medical Center in Memphis. The contract, which provides services for July 1, 2005 through June 30, 2006 is in the amount of \$325,000. This contract is a renewal of the agreements previously approved by the Fiscal Review Committee on December 18, 2003 and June 1, 2004.

Contract with Internal Medicine Education Foundation

This contract is for supervision of internal medicine residents who are training at the Erlanger Hospital in Chattanooga. The contract is necessary because there is not a sufficient number of paid faculty in the College of Medicine – Chattanooga Unit to provide adequate teaching and supervision across the numerous subspecialties of internal medicine. The Foundation arranges for individual physicians and physician groups to provide training and supervision in the following subspecialties: allergy, cardiology, consultative medicine, dermatology, geriatrics, neurology, and rheumatology.

The contract is non-competitive because there is no other clinical practice in Chattanooga that has the resources to provide the supervision coverage required at Erlanger Hospital. The maximum liability for this contract, which covers the period of July 1, 2005 through June 30, 2006 is \$406,044. This contract is a renewal of the prior fiscal year's agreement approved by the Fiscal Review Committee on January 26, 2005.

Each year the Health Science Center enters into contracts with various affiliated medical practice groups to provide supervision of residents training. All contracts are funded by the hospitals and remain relatively unchanged from year to year and reflect on-going activities between the university and affiliated partners. Given these agreements are continuous in nature and have all previously been approved at least once, as noted above, by the Fiscal Review Committee we respectfully ask the Committee's consideration to pre-approve future contracts if the terms and conditions, excluding the contractual not to exceed amount, remains unchanged.

Please let me know if you or others have questions or need additional information for the attached contracts.

Sincerely,

Sylvia Shannon Davis
Vice President for Administration and Finance
